Quiet

Author's Notes:
I'm a lazy piece of trash and should be working on colours but I had to write this down.

It's quiet. It's always like this after we had sex. We don't speak, just lay down to each other on the shitty old mattress and stare up to the ceiling.
After the first time, I tried to talk to him but he ignored me, got up to gather his clothes and left the room. When he came home I was afraid to talk to him so I let it be.

The other times were similar.

But today's different. Because today he snuggled up so close behind me that his red curls brushed over my face and whispered: "Sleep tight James."
